

Boundary Systems is now PDSVISION

1st January 2022.

Effective January 1, Boundary Systems has changed its name to PDSVISION.

Boundary System has been a part of PDSVISION Group since 2018 and has spent the past few years integrating with PDSVISION. As of January 1, the two entities have merged under one brand: PDSVISION.

This change is an entity name change only. The North America team, and the products and support provided, are the same and PDSVISION North America will continue to maintain the level of excellence its customers have come to expect.

About PDSVISION

PDSVISION Group (PDSVISION), was founded in 2008 and is a global provider of solutions and services focused on helping companies successfully enable their Digital Transformation Journey from product development to aftermarket services.

PDSVISION is considered the leading trusted advisor within the product development sectors. This is achieved by combining best-in-class software solutions, technical support and professional training, with divisions located across the globe. PDSVISION's solutions are centered around the portfolio of products provided by PTC Inc. and Ansys Inc. These are focused towards the areas of 3D Design (CAD), Product Lifecycle Management (PLM), Service Lifecycle Management (SLM), Internet of things (IoT), Augmented Reality (AR) and Simulation (CAE). PDSVISION also develops its own range of software applications to add extra capabilities to further enhance utilisation of the main solutions offered.

The group is projecting sales in 2021 of ca €80+ million, is headquartered in Sweden and has operations in Finland, Denmark, Norway, Germany, United Kingdom, South Africa and North America.
